

# 2023 Total Herd Enrollment (THE) Instructions For Online Simmental.com

## Step 1 – Disposing/Culling Females

- Go into My Herd | My Inventory
- Change the Display Year to **2023** click the “Change” button
- This will display a *My Inventory – Pre-Post* listing that displays five columns that are to be completed prior to posting your inventory.
- **Season (S/F)** – refers to whether the dam will calve in either Spring or Fall (Default: S)
- **Brd Code** – 100 (Bred AI or Natural), 109 – Bred commercial. *See Data Entry Codes link at the bottom of the online entry-screen.*
- **Preg (Y/N)** – Preg Tested - Yes, or No
- **Disp Code & Disp Date** – allows you to cull females no longer active. *See Data Entry Codes link at the bottom of the online entry-screen.*

## Step 2 – Enrolling the Active Females in your herd

- Once you have entered your data and disposed of any cows that are no longer active in your herd, click the “**SAVE**” button at the **bottom of the last page**. (You will notice the page numbers are shown at the bottom of each listing. Advancing to the next page forces a “Save” of the data that has been entered.)
- Once you have saved your work, please review that it is correct and double check your work. *You can then proceed to click on the “**POST INVENTORY**” button.*
- This process will enroll the active females and display the *My Posted Inventory* list.

## Step 3 – Entering Breeding

- You can now enter the individual 2022 breeding dates for each enrolled female as you will now see the word “Edit” displayed to the right of each female on the *My Posted Inventory* listing.
- Note: To speed up the entry process you can also use the **My Breeding** entry screen. Go to My Herd | My Breeding. This allows you to update multiple exposures all at one time for a selected group of enrolled females.
